EZ LOAD 2500

The leader in geothermal and water well grouting equipment.

Tired of the hassle and mess of handling small sand bags? Ready to cut your labor costs? Then, the **Geo-Loop EZ LOAD 2500** is the tool for you! We've pushed this sand loader to the max and have amazing "real world" capabilities:

- *15 – 305' bore holes per day with one employee!*
- *40,000 pounds of sand by one employee in a day!*
- *4,000 gallon thermal-enhanced grout per day in a one man operation!*

Let us show you the huge advantages of operating and owning the **Geo-Loop EZ LOAD 2500** today!

Huge labor savings---Pays for itself!

Designed and built by professionals who understand *YOUR* needs.

EZ LOAD 2500

Features:

- Generous Geo-Loop EZ LOAD 2500 stainless steel hopper holds over 2,500 pounds of sand with a loading rate of approximately 500-800 pounds per minute sand capacity
- Hopper can be loaded with ease with a loader using bulk sand or super sacks
- Greatly reduces the manual labor of thermal-enhanced grout
- Eliminates mess, hassle and disposal of unwanted empty paper sacks
- Safety grate keeps rocks and foreign material out of your system
- Handy bag ripper
- Quick couplers for hydraulics, no special tools required
- Sand slide gate
- Hopper extension, less waste
- Full length fork lift pockets on both sides of the framework
- Durable powder coat paint finish
- 10' 5" length x 5' 6" tall
- Approximately 625 pounds

Versatile and user-friendly are two terms that accurately describe the **Geo-Loop EZ LOAD 2500**. Fully equipped with the massive Geo-Loop EZ LOAD 2500 hopper, loading bulk sand or super sacks is a breeze. We've thought of everything, including a sand slide gate, hopper extension for less waste, safety grate to keep foreign materials out of your system, and even a bag ripper for your convenience. The stainless steel sand hopper won't rust and the protective powder coat paint finish will keep your equipment in top shape for years to come. It's easy to move the **EZ LOAD 2500** around the job site due to the innovative design including full length fork pockets. Try the quick connect features on our hydraulics, no special tools required. Imagine being able to work with fewer employees on a prevailing wage job---it's reality with the **Geo-Loop EZ LOAD 2500!**
