

Geo-Loop Inc.

Loop Reel 500

The leader in geothermal and water well grouting equipment.

Never before has there been a loop reel invented for the unique needs of the real world---until now! Introducing the **Loop Reel 500**, featuring easy to remove spokes, just right for loading loops faster than you've ever imagined possible. Truly revolutionary by today's industry standards, the water swivel in the reel allows you to send water through the loop and pressure test at the same time, saving precious time and money.

Revolutionary design---Easy to use!

Designed and built by professionals who understand *YOUR* needs.

Loop Reel 500

Features:

- Unique design features adjustable width and diameter for many applications
- Massive diameter spool holds 500' of 1 1/4" loop or 1000' of 1 1/4" pipe
- Live water swivel to fill loop as it goes in the ground, as needed
- Hydraulic power in or out of the hole
- Handy free wheel ability; capable for loop installation
- Smooth 360 degree swivel base for easy access to borehole
- Efficient pressure test gauge
- Quick couplers for hydraulics, no special tools required
- Operates off Geo-Loop grout pump hydraulic system or can be operated off of auxiliary hydraulic unit (eg. skid loader)
- Full length fork lift pockets on both ends of the framework
- Durable powder coat paint finish
- 8' diameter spoke
- Approximately 970 pounds

Free up your drill rig for loop installation with the incredible **Loop Reel 500**, invented by Geo-Loop Inc. Specially designed, the reel can wind the loop in and out of the hole hydraulically and is able to handle larger diameter loop for deeper depth loop installations. Featuring the ability to power the loop reel off of the grout pump hydraulics or versatile enough to be powered off of a skid loader, the **Loop Reel 500** has the hydraulic power you need in or out of the hole. The smooth 360 degree swivel base provides remarkable access to the borehole. Conveniently located built-in pressure test equipment provides the testing needed at every job site. Save time and labor today by owning the **Loop Reel 500**!
