

Geo-Loop Inc. Mighty Grout II

The leader in geothermal and water well grouting equipment.

Never before has there been a continuous flow grouter at this incredible value! The **Geo-Loop Mighty Grout II** is the amazing answer to making your bottom line profitable in any business climate. Non-stop grouting action is easy; just pump out of one of the tough, durable, and generous 60 gallon tanks while you're mixing in the other. Even though it works in most applications, this powerhouse really shines while pumping cement. Prove it to yourself and try one today!

Continuous flow---Pure pumping power!

Designed and built by professionals who understand *YOUR* needs.

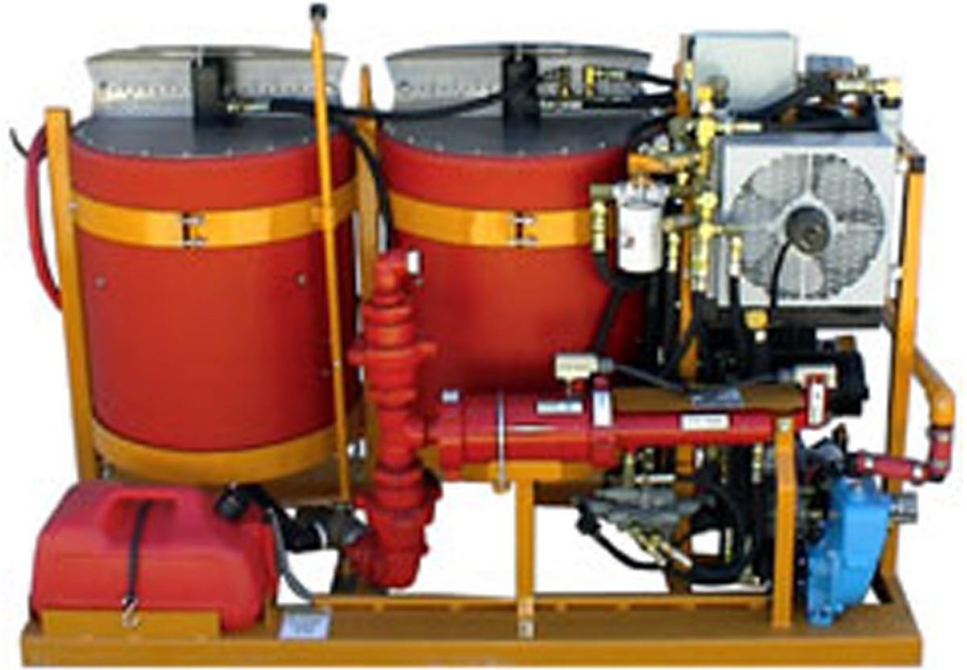

Mighty Grout II

Features:

- 5" bore, 8" stroke piston pump with one bulletproof, chrome-lined cylinder featuring hammer union construction
- 5" standard A-style piston rubber
- 24 HP Honda electric start engine
- Continuously pumps 0-20 gallons per minute and pressures up to 320 PSI
- Stainless steel paddle mixer with hinged lid cover
- Two 60 gallon 1/2" thick high density polyethylene mixing tanks with smooth taper cone bottom
- 12 gallon hydraulic oil reservoir with a sight glass and thermometer
- Full length fork lift pockets on both ends of the framework
- Durable powder coat paint finish
- Stainless steel detachable bag platform
- Super easy clean up corrosion and rust resistant
- Mighty Grout pumps cement, thermal-enhanced sand grouts, and bentonite grouts with ease
- 36" x 76" footprint frame
- Approximately 1,200 pounds

Options:

- Hose Reel

You'll be amazed at how much grout you'll get down the hole by the end of the day when you're working with the uninterrupted flow of the **Mighty Grout II**. Powered by the durable 24 HP Honda engine, achieving 20 GPM continuous flow and pressures up to 320 PSI is easy. The patented pump is the heart of the system, providing the ultimate reliability you deserve. Work all day in all kinds of weather with the enhanced hydraulic oil cooling system. Try the rapid fill water pump and experience the easiest rinse and clean up job ever. Enjoy the ultimate in affordability---the **Mighty Grout II!**

Maximum theoretical performance shown. Maximum output and pressure can not be reached simultaneously. Performance will vary depending on grout, mix design, and grout line diameter and length. Specifications and products subject to change without prior notice.
